

## LOCAL EVENTS

—A. Rohrer of the south pike reports a yield of 714 bushels of oats from eight acres of land. As weighed at the machine, a yield of 35 pounds to the bushel was given.

—Bear this in mind if you want your letters to reach your soldier boys in France: Spell out the words "American Expeditionary Forces." Don't write the initials "A. E. F." If you do the postal authorities don't know whether you mean Australian Expeditionary Forces or American Expeditionary Forces.

—Otto Burkholder of Lafayette township, upon an affidavit sworn to by County Humane Agent C. D. Waffle of Wadsworth, appeared before Probate Judge VanDeusen on Tuesday and entered a plea of guilty to "wilfully and inhumanly" abandoning to die an aged and sick horse. Burkholder was directed by the court to pay a fine of \$10 and costs.

—An interdenominational phophetic and Bible conference is to be held in the Baptist church from Sept. 9 to 13, inclusive, under the direction of the Western Reserve Bible Conference association. There will be speakers of prominence from Brooklyn, N. Y., and Cleveland. It will be a week of unusual opportunity for Bible study. The full program will appear in the Sentinel next week.

—Superintendent of Water Works Lyle Rollins went to Washington, D. C., last Friday in an effort to secure a priority order to enable the successful bidder to deliver promptly to the village a new engine and pumps for the water works upon acceptance of the village of the bid, advertisement for which appears in the Sentinel this week. Mr. Rollins reports that the war priority committee refused to issue the desired order at that time, but would give the request due consideration after the village had let its contract. Enroute to Washington Mr. Rollins obtained a letter from the State Board of Health to the priority committee, stating that the new pump and engine were necessary for the health and proper protection of the village.

—The 19th annual reunion of the Lance family will be held at Chippewa Lake on Saturday, Sept. 7.

—The daylight saving plan has proved such a success that in some quarters there has been a suggestion that the clocks be not turned back an hour on the morning of the last Sunday in October as originally contemplated, but that the schedule be continued through the year.

—Trespassers, accidentally or otherwise set fire to the dry meadow in which is the old Pythian Sisters' Home pond, Sunday afternoon, and considerable damage would have resulted but for the prompt action of neighbors who formed a bucket brigade and put the fire out. As it was several fence posts were burned off and the fire was rapidly spreading to a barn filled with hay and grain when extinguished.

—Rev. V. S. Goodale, pastor of the Church of Christ, left Tuesday for Blue Ridge, N. C., where he will take a three weeks' special training for Y. M. C. A. work. He will probably enter a camp in the southeastern military district following the training course.

—A case of local interest was filed this week when A. B. Randall entered suit against W. F. Rogers. The case grows out of an accident to plaintiff on May 17, 1917, when defendant drove his auto onto Randall on West Liberty street near the intersection of South Elmwood street. Plaintiff charges that Rogers was driving at a far greater speed than is permitted by law, and that he was on the wrong side of the street when the accident occurred, and sues for \$2,000 for bodily injury and shock to his nervous system.

—After Jan. 1, 1919, no new passenger autos will be manufactured, is a late report.

—Next Sunday the Sunday school at the Church of Christ will again progress on its contest, "A Trip to Jerusalem."

—Advertised letters at the Medina postoffice are for Mrs. Emily Cusate, Miss Ada Stein and Mr. West.

—During the violent storm Wednesday afternoon a chimney of Hamerschmidt & Clark's green house was struck by lightning, one side being shattered and the falling bricks smashing a large area of glass roofing of the building.

—Mr. and Mrs. R. A. Stow will move into the McMillan house on East Washington street, Mrs. McMillan going to Cleveland to keep house for her mother.

—The condition of Mrs. Jake Frazier, who suffered a serious fracture to one of her limbs in an auto collision at the corner of South Court street and Lafayette road, Saturday evening, Aug. 17, continues to improve, altho it is thought she will be confined to her home for five or six weeks.

—Charles Barry, who underwent an operation last week at Elyria hospital for gall stones, is reported as convalescing, although he will be unable to return home for about three weeks.

—The body of Arlie May Dunning, who died Aug. 19, in Sangus, Mass., was brought to Mallet Creek, Saturday, Aug. 24, for burial. Deceased was 52 years old and a native of York township. She was a sister of Mrs. Jessie Curtice of Medina.

—Dorus Nugent, confined in Lodi hospital the result of a serious accident on Aug. 19, is slowly improving. His life was nearly crushed out by a five-ton truck under which he fell. His injuries were so serious that no hope was entertained for his recovery for a number of days. He is still in a critical condition, however, tho it is now believed he will recover.

—Southwestern Agent McCoy of Chippewa Lake reported to Sheriff Gehman on Thursday that his office was broken into Tuesday night and robbed of about \$40 in money. Suspicion rests upon a certain person, it is stated, and a warrant for the party's arrest was to have been issued Thursday night.

—Mrs. Kittle Leavitt received official notice, Tuesday, that her son, Raymond Ganyard, had been wounded in action, "somewhere in France," on Aug. 8. No details were given nor were the extent of his wounds mentioned.

—The August number of The Ohio Motorist, Cleveland, contains a reproduction of an article in the recent booklet published by the Lodi Automobile club, written by County Surveyor W. R. Bibbins, giving a brief history of the road work carried on in Medina county in the past and a look into the development for the future. The article is illustrated by pictures of the Lodi club's secretary, C. E. Knapp, and of the large and picturesque railroad bridge near Lodi.

Leonard Clement of Camp Gordon, Atlanta, Ga., is spending the week with his parents, Mr. and Mrs. Frank Clement. From here he will go to Camp Perry, O., for six weeks musketry training.

## MOVIES HELD ESSENTIAL

The motion picture industry in all its branches has been recognized as an essential industry by the war industries board.

This action has been taken in line with Provost Marshal General Crowder's ruling under the work or fight regulation that the industry afforded useful occupation.

Recognition of its value in affording an educational medium for the great masses of the people, as well as a wholesome and cheap means of recreation, governed the board in placing the industry upon the preferred list. The extensive use of motion pictures by all war recreation agencies also was considered.

The erection of new picture theaters, however, will not be permitted during the period of the war.

## FALSE RUMOR ABOUT MEDINA COUNTY NORMAL

County Superintendent D. W. Pearce submits the following statement concerning a rumor that there is to be no county normal school:

"It has been rumored that there would be no normal department at Medina this year. We hasten to correct this mistake. The normal department is needed more just now than ever before in its history. With the opening of school upon us, and having used every available means of securing teachers, we are still short a greater number than I care to name. Next year will not find the situation less serious than the present, but more so.

In our county normal I see some opportunity of helping ourselves. If twenty or twenty-five graduates of our first grade high schools would enroll on Sept. 9, in our county normal and do satisfactory work, a year from now they could take their places in our schools at salaries higher than have been paid heretofore.

Producing teachers is as much conservation as producing food. Our own complaints will only accuse us later if we do not use to the uttermost the means at our disposal. Service is the watch-word of the hour, real service. It is not the spectacular that is most needed. Indeed, there can be no greater or nobler service than to teach the oncoming generation. The children can, in later years, condemn us if we do not supply them the educational advantages which we should.

I am inclined to think one might regard himself a slacker, if he does not at this time give greater heed to educational matters than ever before. Let parents urge, especially their daughters, to help fill up the depleted ranks of the teachers. Let us ponder the need and value of having 20 or 25 young people, trained here at home for local service, ready to step into our schools next fall, without even having to canvass as usual, for a position. May we not allow a little distance, means of transportation, or other trivial causes to influence us against doing the proper thing. Let us reason not, "Why should I," rather "Why not I." Others are sacrificing for us, let us do likewise. I shall confidently expect a large normal class on Sept. 9.

D. W. PEARCE, Co. Supt.  
ANNUAL REUNION OF GARFIELD'S REGIMENT

There was a goodly attendance of the surviving veterans of the famous 42d regiment, led by Gen. Garfield in the civil war, at the annual reunion held at Chippewa Lake on Tuesday and Wednesday of this week.

The first day was given over to personal greetings and the exchange of reminiscences. In the evening there were camp-fire talks and music, the comrades singing enthusiastically the martial melodies of other days.

On Wednesday addresses were delivered by Comrades Cotton, Petty, and Elliott McDougall, the latter of Medina, and many songs and readings enlivened the closing day.

The veterans look forward to these annual events with great pleasure, as their own ranks are rapidly thinning and the return of each anniversary is justly regarded by each survivor as a hallowed and happy occasion.

## NOTICE

Sealed proposals properly itemized and endorsed, will be received at the office of the Clerk of the Village of Medina, Ohio, until twelve o'clock noon of SATURDAY, SEPTEMBER 14, 1918, for furnishing a one-unit or two-unit triple combination, pumping, chemical engine, and hose motor car; total pumping capacity of not less than 700 gallons; chemical tank, 40 gallons; hose body to carry 1,000 feet of 2 1/2 inch hose; the motor engine or engines to produce sufficient and ample power and to carry water at required pressure.

All bids must be figured f. o. b. Medina. Each bidder as part of his bid and at the time said bid is filed must furnish complete, detailed plans, profiles and specifications of the apparatus and equipment to be furnished. Each bid must contain the full name of every person or company interested in the same and be accompanied by a satisfactory bond or by a certified check on a Medina county bank payable to the Treasurer of the Village of Medina, Ohio, in an amount equal to three per cent. of said bid as a guaranty that if said bid is accepted a contract will be entered into in accordance therewith and its performance properly secured.

Should any bid be rejected such bond or check will be forthwith returned and should any bid be accepted such bond or check will be returned upon the proper execution and securing of the performance of said contract. Proposals and award shall be made and governed by the laws of Ohio applicable thereto. All bids so filed will be publicly opened and read at a meeting of the Council of the Village of Medina, Ohio, at the town hall at Medina, Ohio, at twelve o'clock noon on the date above named. The right is reserved to the Village of Medina, Ohio, to reject any or all bids or to select the bid that is lowest and best.

BY ORDER OF THE COUNCIL OF THE VILLAGE OF MEDINA, OHIO.  
E. F. Dimmock, Mayor  
W. P. Alsworth, Clerk

A. B. Underwood, Attorney. 1-2

## NOTICE

Sealed proposals, properly itemized and endorsed, will be received by the Board of Trustees of Public Affairs of the Village of Medina, Ohio, at its office in the town hall at Medina, Ohio, until twelve o'clock noon of

SATURDAY, SEPTEMBER 14, 1918, for furnishing and installing, subject to the conditions hereinafter named, one 350 to 450 gallon per minute centrifugal, triplex or other suitable water pump and one 50 H. P. vertical engine for the operation thereof, said engine and pump to operate under a pressure of approximately 150 to 160 pounds, pumping water thru approximately 16,000 feet of 3-inch pipe, raising said water approximately 271 feet. Each pump and engine to be installed at the water works plant of the Village of Medina, Ohio.

All bids must be figured f. o. b. factory. All bidders able to furnish both pump and engine must submit one bid for both and one bid for each separately, and the Board of Trustees of Public Affairs hereby reserves the right to award the contract for both pump and engine together or for each separately. The engine companies must erect and install both the pump and the engine, on a time and material basis, and on a foundation furnished and installed by the Board of Trustees of Public Affairs. Each bidder on pump and engine, as part of his bid, must furnish complete plans, profiles and specifications of each at the time said bid is filed. If a bid embraces both labor and materials they shall be separately stated, with the price thereof, in manner and form as required by law. Each bid must contain the full name of every person or company interested in the same and be accompanied by a bond satisfactory to the Board of Trustees of Public Affairs or by a certified check on a Medina county bank payable to the Treasurer of the Village of Medina, Ohio, in an amount equal to three per cent. of said bid, as a guaranty that if said bid is accepted, a contract will be entered into in accordance therewith and its performance properly secured.

Should any bid be rejected such bond or check will be forthwith returned and should any bid be accepted such bond or check will be returned upon the proper execution and securing of the performance of said contract. Proposals and award shall be made and governed by the laws of Ohio applicable thereto. All bids so filed will be publicly opened and read at a meeting of the Board of Trustees of Public Affairs at the town hall at Medina, Ohio, at twelve o'clock noon on the date above named. The Board of Trustees of Public Affairs reserves the right to

reject any or all bids or to select the bid that is lowest and best.

# COME TO THE DE LAVAL Service Day

We Will Hold It On Friday, Sept. 6

For the benefit of our many customers and users of DeLaval Cream Separators we have established a DeLaval Service Day.

On this day we shall be glad to have any DeLaval user bring his complete Separator to our store for a thorough and careful inspection and adjustment, which will be made free of charge. Should any parts, due to unusual wear or accident, need to be replaced, this will be done, the only charge being the price of the new parts used. No charge will be made for the service.

A DeLaval representative will be with us to assist with this work. Bring in your DeLaval Separator that day and receive the benefit of his advice on the operation and care of the machine, as well as the free service. It is our wish, and that of the DeLaval Company, that every user of a DeLaval Separator get the maximum of service at the minimum of cost, and we therefore urge you to avail yourself of this free and useful service.

**COME EARLY**  
**Leatherman Hardware Co.**  
**LODI, OHIO**

## FARMS Town Properties

We have some good farms priced worth the money. Also some town properties priced right. List your properties with us. We are getting a good list of buyers. We believe farms will sell well from now on.

**DON'T FORGET US WHEN YOU WANT INSURANCE OF ANY KIND**

**CODDING & BAGLEY**  
**REAL ESTATE AND INSURANCE**

Sec'y.

## THERE IS NOT A FARMER

in this county who should not have a bank account. If you have bills to pay, whether they be large or small, your check will pay them and you will always have the correct change. It would be a pleasure to have your name on our books.

FOUR PER CENT INTEREST PAID ON SAVINGS

## OLD PHOENIX NATIONAL BANK

MEDINA, OHIO.

Member of the Federal Reserve System

## Roofing Materials

Any one needing any roof work or spouting on barn or house should make their wants known at once, as material of this kind is almost off the market.

Altho at present we have a fair supply of slate and galvanized roofing, and a small supply of trough, do not delay, as we cannot duplicate the galvanized iron roofing and we have a great deal of trouble getting eave trough.
